*The making of this CD has been a labor of love and a dream fulfilled.*

*It represents my understanding, knowledge and love for my people through my evolution as an individual of this society. It has allowed me to leave a foot print of my existence here on Mother Earth and leave a pathway for those that have wandered off the course.*

*The "Mexican Descent" article is a story of our people, told by our people that has been handed down through the ages. The story, songs, speeches, poetry, prayers and demands are my reflection of those events.*

*I thank my Creator for having created me: the one I once called, simply...God. Now I call...Grandfather, Ome Teotl, Hue Hue Teotl, Ipalimoani, Moyocoyatzin, just to name a few. Not because I have many Gods, but because of my expanding understanding of the many manifestations that are all part of the most highest Omni-Presence existence. Tlazocamatli Ome Teotl, Mexica Tiauhi!*

*I would also like to acknowledge those individuals who have been an important part of my path to this CD: Chief Ernie Peters (Lakota Medicine Man), the world renowned Saginaw Grant (Sac N Fox Elder), the Native Spirit of John "Looking Hawk" Montoya, the flamboyant & talented Aztec Dance Maestro Lazaro Arvizu, the Warrior Spirit of Pastel and Aztleka, the political & social conscience of John Sermenio, and the gentle & personal relationship with Grand Pa White Cloud.*
